About Us

Castleware is an international premium sanitary ware brand distributed by dar ceramica centre (2001) ltd, a trusted and leading name in the building and construction industry.

Built on a strong foundation of quality, innovation, and reliability, castleware represents modern global design combined with durable performance. The brand is committed to delivering world-class bathroom and sanitary solutions for both residential and commercial projects.

Our extensive product range includes stylish wash basins, elegant bathtubs, modern shower ensures, durable toilets, functional urinals, sophisticated bathroom cabinets, contemporary mirrors, and advanced wellness solutions. Each product is carefully crafted to combine superior workmanship with refined international aesthetics.

At castleware, we focus on comfort, performance, and long-lasting value — creating bathroom spaces that reflect quality, sophistication, and excellence.

Our Focus

To provide high-quality, innovative, and durable sanitary solutions that combine modern design with reliable performance — delivering comfort, value, and excellence in every space. We are committed to:

Quality Excellence

Ensuring every product meets high standards of durability, performance, and reliability.

Innovative Design

Combining modern aesthetics with functional solutions to suit contemporary lifestyles.

Customer Satisfaction

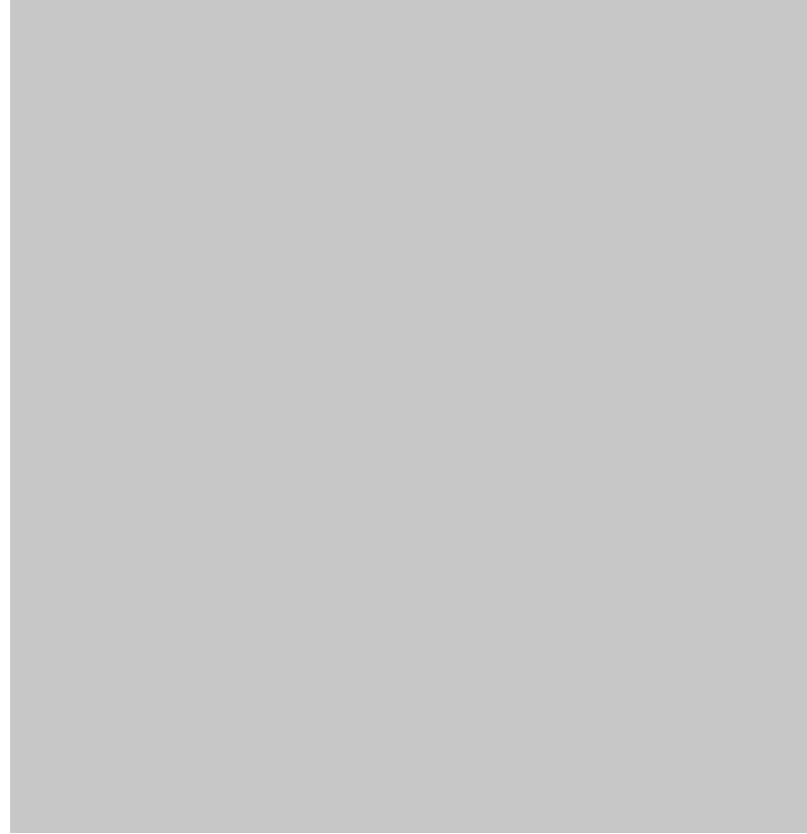

Understanding customer needs and providing products that enhance comfort and everyday living.

Sustainable Growth

Continuously improving our processes and expanding our product range to meet market demands.

Trust & Integrity

Maintaining transparency, professionalism and long-term relationships with our partners and clients.

Our Service

Castleware, we believe the bathroom is more than just a functional space — it is a place of comfort, relaxation, and modern luxury. Our premium sanitary solutions are thoughtfully designed to transform everyday routines into refined and enjoyable experiences through advanced technology, elegant design, and superior durability.

We offer a comprehensive range of high-quality products, including toilets, wash basins, bathtubs, shower enclosures, bathroom cabinets, and wellness solutions. Each product is carefully engineered to ensure maximum comfort, enhanced hygiene, water efficiency, and long-lasting performance — meeting the demands of modern homes and commercial projects.

Beyond our products, **Castleware** is committed to delivering reliable service and customer support. From product selection to after-sales assistance, we prioritize professionalism, timely supply, and long-term partnerships with our clients and distributors.

With **Castleware**, every detail reflects our dedication to quality, innovation, and customer satisfaction — providing not only dependable bathroom solutions, but a complete experience that enhances everyday living.

Luna

Outstanding products have achieved the ultimate in both internal and external aspects. Externally, they feature a rounded and full appearance as well as a simple and clean design. Every single line has been carefully crafted, neither being overly showy nor losing its delicacy and elegance. Internally, the entire product series adopts the vortex-flushing structure, which represents a harmonious coexistence of powerful flushing force and quiet flushing. It is clean and quiet, making you feel extremely pleasant and comfortable.
